Substance of Interview

(For each issue discussed, provide a detailed description and indicate if agreement was reached. Some topics may include: identification or clarification of a reference or a portion thereof, claim interpretation, proposed amendments, arguments of any applied references etc...)

The Examiner called to inform the Applicant of the possibility of adding claim 70 to independent claim 69, as well as similar changes to claims 72 and 73. The Examiner believes that by making the partner agreements specific to the shipping, trucking, carrier industry, the invention may be in better position to be differentiated from other forms of marketplace partner agreements and transactions. The Applicant agreed to respond to the Examiner with possible amendments and or decision on this matter.

Applicant recordation instructions: It is not necessary for applicant to provide a separate record of the substance of interview.

Examiner recordation instructions: Examiners must summarize the substance of any interview of record. A complete and proper recordation of the substance of an interview should include the items listed in MPEP 713.04 for complete and proper recordation including the identification of the general thrust of each argument or issue discussed, a general indication of any other pertinent matters discussed regarding patentability and the general results or outcome of the interview, to include an indication as to whether or not agreement was reached on the issues raised.
